■ Export system and facilities

Sales are being expanded to target overseas markets due to the declining domestic population. The company was chosen for the Global Farmers / Fishermen / Foresters / Food Manufacturers Project in FY 2019, and we have been engaging in market surveys and advertising.

■ Overseas PR activities

We have been exporting strawberries to seven countries for many years.

MADE IN JAPAN

■ The characteristics and strengths of producers (the growing region)

Clean water pumped from 200 m underground is used to irrigate reclaimed land, rich in minerals, resulting in the rich taste. The temperature changes characteristic of open fields concentrate the rich taste in the strawberries.
